

HH Rental A/S is a Danish rental company specializing in the purchase, rental and sale of Scania trucks. Our concept trucks are characterized by a particularly high standard. This applies to both equipment level, drivetrain and structure.

Internal vehicle number	HHR23
Model year	2022
First registration	21-07-2022
Chassis number	YS2S6X20005664485
Origin	Denmark (DK)
Scania Service Agreement	With (can be taken over)
Building	HHR basis
Condition	Very Good
Hydraulic system	With
Delivery	By appointment

HHR23 is one of HH Rental's concept trucks. This means we have handled everything from ordering to delivery. The car was purchased from a Scania dealer in Denmark.

Construction takes place in our own bodybuilder workshop and consists of many different modules that are put together and mounted in this process. This ensures an affordable high standard and not least that we always have parts in stock, both in connection with repairs or damage.

Scania's Next Generation has been a sought-after truck since it was launched on the market in 2017. A reliable vehicle, with excellent comfort and operating economy.

Furthermore, it can be seen that Scania trucks with the right configuration may have a different resale value and consequent depreciation profile than other brands.

In our sales presentation there are specifications and pictures of the vehicle.

Questions should be directed to jesper@hhrental.dk or by phone **+4572408280**.

HHR23 is built with HH Rental's modular program, at JH Diesel A/S, Denmark. Here, a close dialogue is ensured between landlord and builder, with the customer at the center. The majority of superstructure works are outlined in build packages, ensuring faster assembly and accurate pricing of superstructures. There may be equipment fitted, which is not mentioned.

HHR basic package	With (HHR start up built package)
HHR lighting package	With
HHR foil package	With
Original side skirts	Without
HHR side skirts between axle 1 og 2	With
HHR tool box right hand side	Without
HHR side skirts between axle 2 og 3	With
HHR aluminum cover rear cabin	With
HHR camera input trailer MXN	Without
HHR camera upper spoiler cabin rear MXN	Without
HHR power output cabin rear upper	With
HHR valves trailer and power output lower	With
HHR air blow gun cabin rear	With
HHR aluminum cover battery casing	With
HHR mud flap rear standard	With
HHR aluminum cover chassis	With
HHR custom bumper rear	Without
HHR mud flaps rear premium	Without
HHR aluminum cover spoiler top	Without
HHR hydraulic system right hand side	With
HHR hydraulic system cabin rear	Without
HHR remote controlled hydraulic system	Without
HHR rotor blitz roof	With
HHR work lights cabin rear	With
HHR work lights cabin side low	With
HHR marker lights sides	Without
HHR outline marker lights sides	Without
HHR outline marker lights bumper front	Without
HHR outline marker lights bumper rear	Without

HHR pneumatic horns cabin roof	Without
HHR enlarged sun visor	Without
HHR light bar	With
HHR spot lights	Without
HHR roof sign deep	With
HHR roof sign flat	Without
HHR Michelin men	With
HHR marker lights front	Without
HHR extra lights existing package	Without
HHR inverter cabin	Without
HHR microwave oven cabin	Without
Special interior cabin	Without

Chassis specifications **from the factory** are indicative, where each vehicle may be equipped differently than described. There may be equipment that varies between engine variants and cab type. There may be equipment fitted that is not mentioned.

Chassis adaption and wheel configuration	A6x2
Chassis	6X2
Suspension type	Full air (B)
Placement steering wheel	Left side
Wheel base	3150mm
Frame overhang (JA-measurement)	2015mm
Legal weight 1. axle	8000kg
Legal weight 2. axle	11500kg
Legal weight 3. axle	7500kg
Light package	LED premium
Driver package	Driver+
Storage pack	CS Sleeping cabins+
Upholstery package	Black leather with (V8, red stitching)
Infotainment package	Infotainment with navigation
AC Control package	AC with automatic heat adjustment
MCC painted front grill package	Front grill black
MCC package	Level 3 without side skirts

Gearbox	Gearbox G33CM
Opticruise	With
Opticruise program	Economy, standard, power
Cruise control with active prediction	With
Active prediction speed adjustment	Standard and economy
Kickdown	With
Clutch	Manual and automatic
Manual clutch pedal	With
Differential lock	Manual
Differential	R885
Differential ratio	2,69:1
March speed	92km/t
PTO type ED (engine power output)	ED160 mounted
PTO EG bag type (Gearbox PTO)	EG11R DDP1P1 mounted
Fuel volume left side	565 liters
Fuel volume right side	310 liters
FOU-unit	Fuel tank left and back
SCR-tank under LHS	76 liters (usable 58 liters)
Chassis frame type	F950
Bogie load	11.500kg and 7.500kg
Axle lift for trailers	With
Alternative driving levels	1 extra driving level
Weight transfer	With
Front axle anti-roll bar	Extra stiffness 1 front axle
Battery	230Ah
Battery location	Rear
Generator	130A
Preparation for collect	With
Tire type front axle	385/65R22.5 Winter Steer Michelin
Tire type rear axle	315/70R22.5 Winter Drive Michelin
Tire type bogie axle	315/60R22.5 Long Haulage Michelin
Rims front axle	22.5x11.75 aluminum DuraBright
Rims drive axle	22.5x9.00 aluminum DuraBright

Rims bogie axle	22.5x9.00 aluminum DuraBright
Brake system	Disc brakes
Brake activation	Electronic (EBS)
Hill hold	With
ESP	With disconnection
APS	With extra tank
Parking brake	Manual
Brake cylinder front axle	Membrane
Brake cylinder rear axle	Membrane and parking brake
Brake cylinder tag axle	Membrane and parking brake
Retarder type	R4700D
Trailer brake addition	With
5th wheel	JOST air displaceable 230mm plate iron
BCI controller	With
Symbols in the building instrument	Standard
Builder cable	3 pieces 7-wire
Cable length	8m
Cables in sealing	With
Cables routed in the ceiling	With
Wiring harness extra contacts	With
Trailer hanger	Rear cabin
Hydraulic control tip valve	With
Tip valve control	Return springs
Cap tilt	Mechanical
Sunroof	Electronic
Roof bars	Long
Air horns on roof	Prepared
Roof spoiler roof	50mm
External sun visor	With
Roof spoiler adjustment	Manual
Water repellent left	With
Underride bumper	With certificate, normal clearance
Bumper position	0mm

Bumper position	Normal clearance
Tinted windows	With
Rain sensor	With
Side window in door	Laminated
Rear window	With
Window hoist activation	Ignition or unlocked door
Heated side mirror	With
Electrically adjustable side mirror	With
Wide angle mirror	Electric, adjustable and heated
Cyclist mirror	Electric, adjustable and heated
Front zone mirror	Electric, adjustable and heated
Central locking	Remote control
Number of keys	44
Headlight type	LED
Automatic low beam	With, LED
Driving light function	LED and position light
Headlight adjustment	Manual
Headlight washer	With
Spotlight mounted in the front grill	With, LED
Cornering light	With
Rotor blitz	Prepared
Cap work light	Prepared
Chassis cab work light	Prepared
Chassis work light rear end	Prepared
Side marker lights	With
Swivel stool light	With
Reverse alarm	With, disconnection via a switch
Driver side seat type	Premium
Passenger side seat type	Premium
Adjustable shock absorber driver side	With
Adjustable shock absorber passenger side	With
Upper back support driver seat	With
Upper back support passenger seat	With

Lower back support driver seat	With
Lower back support passenger seat	With
Seat ventilation driver side	With
Seat ventilation passenger side	With
Heated seat driver side	With
Armrest driver	With
Armrest passenger	With
Bottom bunk	800mm firm
Mattress bottom bunk	Pocket springs
Bottom bunk can be extended	With
Tray underneath bottom bunk	Both sides
Safety net by the bunk bed	With
Trash can	With
Coffee machine	Overhead locker passenger side
Storage space above the door	With
Storage space underneath driver side	Refrigerator
Storage space underneath passenger side	Refrigerator
External side flap	Both sides
Steering wheel material	Leather
Wall cladding	Fabric
Side panel color	Dark
Interior sun visor	Roller blind
Side door materials	Leather
Curtains	Fabric
Floor mats	With
Engine cover mat	With
Dashboard finish	Exclusive
Dashboard color	Black
Dashboard lower part color	Dark sand
Instrumentation	7''
Dashboard build up info	With
Dashboard symbols build up	Standard
Speed discs	Stoneridge

Speed limiter	89km/t
Adaptive Cruise Control, ACC	With
LDW lane departure and collision warning	With
AICC deactivation speed	10km/t
Advanced Emergency Braking, AEB	With
Compressed air gun cabin	With
Air conditioner	Standard
Temperature regulation	Electronic
Auxiliary heater	Engine and cabin
Interior lighting	Backlight with entry light
Background light underneath dashboard	With
Background light roof shelf	with
Reading light at the bottom bunk	Both sides
Infotainment system	2 DIN 7'' screen premium
Steering wheel operator infotainment	With
Voice control infotainment	With
Remote control AC and infotainment	with
Speaker	4x20W, double coil
Subwoofer	With
DAB radio	With
Bluetooth	With
USB Driver side	With
USB center position	With
USB passenger side	With
Walkie	With
Walkie FFU	Stabo
Scania Communicator	C300 complete
Jack	With
Warning triangle	With
Bulb and toolkit	With
Black contrast cab side door	With
Chassis color	Standard Sub Grey
Contrast color	Ebony Black

Cabin color	Scania Ice White
MCC nav	Contrast color
Side mirrors	Cabin color
Sun visor	Cabin color
Mud guards rear	Cabin color
Mud guards front	Cabin color
Bumpers	Cabin color
Battery cover	Cabin color
Rear light panels	Cabin color
Actual front axle weight	6.429kg
Actual bogie axle weight	3.373kg
Actual total weight	9.802kg

There may be equipment from the chassis that has been removed in connection with the construction of the vehicle, just as there may be equipment that has been rebuilt or modified in the same connection.

There may be equipment and effects replaced during operation in connection with conversion or wear and tear that have been replaced with another type or make.

Conversion or modification may have taken place after the vehicle has been photographed, which is why the images may show a vehicle before it has been rebuilt or modified.

All decorations on the paintwork are made of foil that can be removed. The foil may have changed in connection with customer switching.

Inquiries to be directed to Jesper Hansen, at jesper@hhrental.dk or by phone **+4572408280**.
